

CS 310 - Principles of Programming Languages

K. Subramani
LDCSEE,
West Virginia University,
Morgantown, WV
{ksmani@csee.wvu.edu}

The following policies and procedures will be in effect for the duration of the class:

1. Check the class URL, viz., <http://www.csee.wvu.edu/~ksmani/courses/sp08/pl/pl.html> on a regular basis. Assignments and their solutions will be posted on this page. It is your responsibility to download the material and use it.
2. This class does not have an attendance policy; however, you are responsible for the material that was covered in class.
3. It will not be possible for me to respond to individual requests about material covered in your absence; kindly contact your classmates about the same.
4. You need to be extremely conversant with the C programming language; it is the language used by the course textbook.
5. You are expected to check your email daily.
6. All concerns regarding grading must be reported within two working days of your assignments being returned.
7. It is your responsibility to communicate earned bonus points to the Teaching Associate.
